Intertek Academy's expert training created with all knowledge levels in mind. Whether you need to know more information about a standard in order to better prepare for your upcoming audits, or would like to become an auditor, we have a training fit for you!

Our educational programs range from one-hour introductory webinars designed to increase your understanding of management systems standards, to five-day IRCA- registered lead auditor courses for those responsible for system implementation and auditing. Presented by practicing expert auditors and educators, these programs are designed to keep you fully informed on the latest industry requirements and best practices.

Lead Auditor Training

Provides training for potential Management System Lead Auditors in order to achieve lead auditor status. Intertek Academy's experts will assist students with industry background and skill training to assess the adequacy of the design, implementation and improvement of an organization's management system against ISO standard requirements.

Accredited Lead Auditor Training

Intertek also offers Lead Auditor courses which meet the training requirements of the International Register of Certificated Auditors. This class provides delegates with an in-depth knowledge and skills in auditing in order to carry out management system audits.

Internal Auditor Training: Internal Auditor Training will help you gain an in-depth understanding of a management systems auditing, ISO standard requirements, and the application of the requirements to an organization, as well as the skills needed to perform management system audits through lectures, discussions, and workshops.

Overview Training

Understanding the standard and its requirements is the first step to certification and implementing an effective management system. Our overview training classes will teach you the standard requirements, industry best practices for implementation, and give you the necessary training to use the standard to implement a certified management system in your organization.

Webinars and E-Learning

Intertek Academy's e-learning and webinar courses give you all the training you need without leaving your office. Our expert trainers will present the course material through an interactive, on-line based setting. Advanced Internal Auditor Training Advanced training has been developed to provide further education for internal auditors. These courses provide guidance to experienced internal auditors to improve their skills and share best practices with other auditors. This course is also suitable for those who would like to refresh their knowledge on standard requirements and fully understand the differences between versions of the standard.

Custom On-Site

Need something different? Intertek Academy training experts can create a custom course to fit your specific needs and provide on-location training for your team.
